The “2021 FELLOWS” (ARC-3671)

album represents the first year that integrated college students and high school students. Kansas City Area Youth Jazz also added Kansas City Public Schools to its community partnerships. The two branded ensembles of the season were the Brady Ensemble which rehearsed at The Paseo Academy of Fine and Performing Arts in Kansas City, Missouri and the Crain Ensemble which rehearsed at BRC Audio Productions in Kansas City, Kansas. The albums purposely feature original compositions and arrangements of varied Jazz styles and sensibilities studied during the course of each season. This album also features music written by composers Arthur White, WM Thornton, William Crain, and Christopher Burnett. Several 2021 FELLOWS used the knowledge learned to compose their own music and release their own independent projects. See “Luck 20” and “Henry Fears Quartet” at all of the digital music services and retailers worldwide.
